

An engineer by training, Dr CHIN Kian-Keong has been with the Land Transport Authority since its founding in 1995. Over the years, he had been involved in the development of various road and traffic management projects and systems. These include the Electronic Road Pricing (ERP) system and various Intelligent Transport Systems (ITS) to better manage traffic safety and efficiency. He became a Group Director in 2007 and is now the Chief Engineer, Road & Traffic. He has also lectured at the local universities' Masters programme in transportation.
